KomBioTa 5th Anniversary Spring Meeting

Call for contributions

To celebrate five years of KomBioTa and our collective achievements in taxonomy and biodiversity research, we invite all members to actively contribute to our anniversary meeting by sharing their experiences – whether you want to introduce your own research, talk about KomBiota's impact on your work, share your experiences in public outreach, or talk about new and exciting collaborations formed through KomBioTa connections – we welcome and look forward to multifaceted input! Please submit a talk or poster proposal and tell us a bit about what you would like to present and in which form.

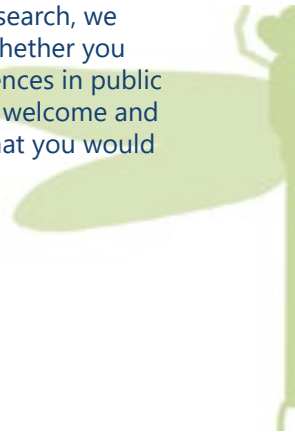

Name

Affiliation, research group, position

Format: talk, poster, workshop,
other (write-in/explain)

Title

Brief summary (2-3 sentences)

Send your filled out submission form to kombiota@uni-hohenheim.de and we will be in touch. Thank you!
